

FIRST INFORMATION REPORT

FIR No: 2024/001

1. BACKGROUND

On the date of the Valencia Grand Prix the defendant driver Kevin Magnussen was operating vehicle No. 20. Station House Officer received complaint at 14:32 local time.

2. STATEMENT OF FACTS

The gearbox of vehicle No. 20 showed signs of prior damage before the race commenced. Engineering telemetry confirmed anomalous gear shift patterns from lap 3 onwards. The driver was informed via radio communication at lap 5 that the gearbox was operating outside normal parameters.

3. ALLEGATIONS

It is alleged that the defendant had prior knowledge of the mechanical fault and continued racing. The defendant denies all knowledge of the fault prior to lap 12 when the gearbox failed completely.
